## MONTHLY RECYCLING PROGRAM IN JEOPARDY

Solid Waste Superintendent Ron Evans and resident Bob Lightner met with County Commissioners and Sally Tengeres, the County Recycling Coordinator, in early June to discuss the future of the County's monthly recycling program.

The monthly recycling program is guaranteed to continue through August of 2007. Commissioners state that the monies to continue the program are just not there. The County was told it was illegal to add a charge of \$4.00 per ton to tipping fees in order to fund the recycling program. So until legislation is changed and/or funding is received, the program is in jeopardy.

We ask *all* residents to contact State Representative Mark Keller at 1-800-959-8119, or [mkeller@pahousegop.com](mailto:mkeller@pahousegop.com) and Senator Jake Corman at 582-4600, or [jcorman@pasen.gov](mailto:jcorman@pasen.gov) and urge them to support any funding or legislation to assure that the monthly recycling program in Perry County and Rye Township will continue.

## GYPSY MOTH

Have you noticed the brown areas in the mountains as you drive around Perry County? To address the gypsy moth problem contact Lucy Berilla at the Perry County Conservation Office at 582-4144, extension 111. Lucy will place your name, address & concern on a list. The more concerns received the better. No money was budgeted for 2007. However, the concerns will be brought forward to possibly implement a program for the 2008 budget year. Lucy also has a list of private contractors that property owners may contact. Please call & express your concern.

## Playtime in the Park

## Septic Tank Pumping

Rye Township's 537 Sewage Plan will be reviewed by PA DEP later this year. Since the 537 Plan's adoption in 1999, Rye Township has encouraged all residents to regularly pump their tanks and provide us with documentation of the pumping. On an average tanks should be pumped once every four (4) years.

Each address in the Township has a file. The receipt is logged into the computer and kept on file in the individual address file.

If you recently had your tank pumped or plan to have it pumped, please provide the office with a copy of your most recent pumping receipt.

*Thank you for your cooperation.*
