COUNTY-WIDE REASSESSMENT

Perry County recently began a countywide reassessment to equalize property values, which values will become effective for the 2026 tax year. Chief Assessor Randy Waggoner attended the July Supervisors' meeting to explain the process. Vision Government Solutions was awarded the contract to conduct the reassessment. All of their employees will be clearly identified with stickers and yellow vests. Waggoner anticipates assessors to be in Rye Township in the summer of 2024.

LOCAL RESIDENT AUTHORS INSPIRATIONAL CHILDREN'S BOOK

There are people in Rye Township that are doing commendable things and Kaylee (Norman) Miller is one of them. Kaylee along with her husband, Joshua and son reside in LeeWood Village. Kaylee was inspired to write *A Guiding Light in the Forest* after being diagnosed with breast cancer. She struggled to find a children's book that could help her talk to her son about illness. Kaylee's hope is that other children can read the storybook and know they are not alone, whether they cope with their own or a loved one's illness.

Kaylee found that we all possess the inner strength to comfort a loved one when they are ill and to find joy and hope in difficult situations. In her book, *A Guiding Light in the Forest*, the great beloved forest tree falls ill; the forest animals felt sad, scared, and worried. They were unsure of how to care for their sick friend. The animals turned to a little boy named Owen who lived on the edge of the forest. Owen knows that dealing with feelings about a sick loved one can be hard, but he has a special message of hope for the forest animals.

This storybook is suitable for children ages 4 to 9 and is available on Amazon and at Barnes and Noble. Thank you Kaylee for wanting to help others in the midst of your own difficult situation.

Spotted Lanternfly

Agricultural Secretary Russel Redding shared some scary thoughts while reminding Pennsylvanians to be vigilant against the Spotted Lanternfly as the bugs begin laying eggs on flat surfaces. *“Every Spotted Lanternfly egg mass not scraped and destroyed now is up to 50 more of these invasive, destructive bugs we can expect to hatch next spring.”*

Rye Township, Perry County is in the Quarantine Zone. Residents are to stop the spread & scrape & destroy egg masses whenever encountered. Check on trees, rocks, picnic tables, outdoor furniture, playgrounds, grills & siding.

**** Thank You to Jennifer McNeal for the photo on the front page of the barred owl, or hoot owl, taken in the woods off Millers Gap Road. They are one of the larger owls found in Pennsylvania and are called “barred” because of their markings. Their only enemy is the Great Horned Owl. Listen for their distinctive call in the evening hours.**
